2019-2020
Our heritage.
The British Council is the UK’s international organisation for cultural relations and educational opportunities. We create friendly knowledge and understanding between the people of the UK and other countries. We do this by making a positive contribution to the UK and the countries we work with – changing lives by creating opportunities, building connections and engendering trust.

Our work in English aims to bring high-quality language materials to every learner and teacher who wants them. In developing and post-conflict countries, we teach English and train teachers through radio, web and TV broadcasts. We offer more than three million UK examinations worldwide, helping people gain access to trusted qualifications to support their career and study prospects.

We have been in the Netherlands since 1946. The largest part of our work in the Netherlands is the provision of UK examinations and qualifications.

Our expertise.
Over 70 examination boards and educational institutions trust us to deliver their exams around the world. We are recognised for our integrity and professionalism in delivering high-quality exam services and English teaching and training. Our expert level of knowledge and skill in examination management ensures the delivery of exams is 100 per cent secure, transparent and fully compliant with exam board regulations.

We can organise exam day sessions from small to very large groups of candidates for a wide range of exam dates and locations. Your students can take exams in a modern and comfortable venue or we may be able to organise the exam at your school. The exams we offer are widely known and recognised by schools, universities and employers in the Netherlands and around the world. We are world leaders in delivering computer-based tests.

In the Netherlands, we deliver Cambridge English Qualifications, Cambridge Assessment admission tests, the Association of Chartered Certified Accountants (ACCA) examinations, the International English Language Testing System (IELTS) and British Council Aptis.

Child protection

As the United Kingdom’s international organisation for cultural relations and educational opportunities we are committed to protecting children in all areas of our work. This implies maintaining strong child protection systems and procedures for employees, training our examination staff as well as sharing information about child protection and good practice with children and parents and carers.

Equal opportunities

We create international opportunities and build relationships between people of different cultures and places. Diversity and equal opportunities are an essential part of our mission. We aim to ensure that every candidate is treated fairly and objectively and that they are given optimum conditions to take their exams. We can make arrangements to accommodate special circumstances or requirements to enable test takers to attend a test centre, to understand questions and to give their test answers.

Green agenda

The British Council holds a unique role globally - and therefore a unique responsibility - to influence and empower others to lead healthy, productive and sustainable lives. Integral to our corporate values is the unequivocal belief in the power of cultural relations in helping to make our shared world a better place to live for everyone. We understand that, in order for our work to have credibility, we must act in a way which inspires and shows leadership.

By implementing a strong environmental management practice we are not only pledging our support to the greening of the British Council, but also demonstrating our consistency with the values of the organisation.
Our work in cultural relations

In addition to examinations, we collaborate closely with partners to identify, design and implement specific activities in the field of arts, education and society where the relationship with the UK can add significant value.

We work with partners across the Netherlands to create innovative and high performing joint activities. Our work in the area of cultural relations is aimed at building long lasting relationships with individuals and organisations. We share news and information about our cultural relations work with our Addvantage members on a regular basis. We are involved in the following activities in the Netherlands:

**FameLab**

FameLab is the international science communication competition for young scientists from Cheltenham Festivals and the British Council. FameLab helps young scientists in the Netherlands acquire valuable skills to communicate their work to non-scientific audiences.

**Hoboken Lecture**

The Hoboken Lecture is a partnership between the British Council, the Natural History Museum in Rotterdam and the Royal Academy of Arts and Sciences (KNAW). Each year, an outstanding British scientist is invited to Rotterdam to address a wide audience, including students, academics, entrepreneurs and professionals.

**Arts and Disability**

We aim to promote the work of disabled artists, disabled-led companies and inclusive arts organisations in the UK and to share the ways cultural organisations are increasing access to the arts for disabled people as audiences and visitors. Together with several key partners in the Netherlands we develop a network of cultural organisations with a commitment to champion and strengthen inclusivity in the Dutch Cultural Sector.

How to access our LearnEnglish Exams platform?

1. Complete your group registration form and send it back to your chosen examination centre (see page 19).

2. Request access to the LearnEnglish Exams platform directly with your centre manager or at addvantage@britishcouncil.nl. Please note that you can only request access once you have sent your group registration form.

3. Our Addvantage team will get back to you shortly after receiving the request and will create the logins for you and your candidates within approximately 2 weeks.

Hints & Tips

1. The sooner you submit your group registration form, the earlier you can access the platform and, the sooner your students can start preparing for their upcoming Cambridge English Qualification.

2. The login details can be provided in one of two forms:
   - The teacher can provide his/her email address and the logins will be sent directly to that email address. For example, a teacher registering 30 candidates will receive all 30 separate emails with one login detail per email.
   - The teacher can provide the candidates’ email addresses and the logins will be sent directly to the candidates.
‘The British Council are a very professional organisation dealing efficiently with hundreds of Cambridge exams every year, yet with a personal approach. Always helpful and always looking for the best solutions for us, for our candidates. [...] we prepare students for their future careers in a wide range of professions and a Cambridge English General or Business Certificate has great added value to them.’
Ellen Keates, Senior English Lecturer at Christelijke Hogeschool Windesheim

‘The whole experience of registering candidates for exams, the easily accessible regional venue for the exam in Eindhoven (less than five minutes’ walk from the train/bus station) and the well organised exam days have all contributed to my readiness to unhesitatingly and wholeheartedly recommend working with the British Council to anyone teaching Cambridge English.’
Sheila MacLeod, Cambridge English Teacher at Huygens Lyceum, Eindhoven

‘It [the British Council] reputedly stands for a qualified standard of English at the exams as well as good service when it comes to the organisation of the exams. Examiners are almost invariably native speakers of English and qualified teachers. [...] Even with our large numbers of candidates, the exams are always well-organised and prepared in detail. We never worry about the logistics of the exams.’
Jessica Abcouwer, English Teacher and Head of English Department at Johan de Witt-Gymnasium, Dordrecht

‘Although the British Council is a worldwide organisation, you have one local contact person, whom you can ask anything and everything concerning the Cambridge exams. This makes the British Council easily accessible no matter where you live. [...] They are well-organised and offer quality exams.’
Marjolein Hounjet-Van den Dries, Senior Teacher at Mgr. Frencken College, Oosterhout
